NOTE: Bufiles reflect that earlier this year [REDACTED] wrote the Director requesting material on communism for a radio broadcast. We instructed the Miami Office to contact him regarding the possibility of his presenting chapters of "Masters of Deceit" in this connection. The Miami Office also suggested to him that he first get the publisher's permission, and then request the Director's permission to broadcast portions of the book. [REDACTED] indicated to the Miami Office that he would contact that Office after he had received the publisher's permission. Dear Sirs:

The purpose of this letter is to seek permission from you to utilize portions of Mr. J. Edgar Hoover's Book: "Masters of Deceit" which you have published, on our daily radio program over radio station WMIE, 1140 Kc., in Miami blamed to the Cuban exile population in South Florida and to Cuba itself.

We feel that the utilization of portions of "Masters of Deceit" in our program will prove to be beneficial in the struggle against Communism and will certainly tend to increase sales of the book which we will recommend to our many listeners as an effective guide for learning what Communism is, what it seeks and how it can be stopped.

We have already communicated to Mr. Hoover our desire to use his book and he, through the Miami FBI office, has told us to contact you in order to get the necessary authorization.

Thanking you kindly for your time and attention to this letter, we remain,

respectfully yours.

It is always encouraging to hear from citizens who demonstrate an awareness of the problems facing our country and who desire to prepare themselves and others to meet the atheistic challenge to our freedoms presented by communism. A broad knowledge of the objectives and operations of the communist movement is essential if the American people are to effectively resist its eroding influence.

I have been working with SAC Price concerning large scale distribution of "Masters of Deceit" through Rotary International in California. Price called this afternoon to advise that he has now firmed up this distribution and he wanted to order 1000 copies of "Masters of Deceit" at this time. Price advised that one-half the cost of these books is being underwritten by [redacted] and the balance of the cost is being handled by Rotary International.

We are making arrangements through the publisher to have these 1000 copies sent directly to SAC Price in San Francisco and we will advise Price separately regarding the unit cost of these books, shipping instructions, etc.

Dear Mr. Hoover:

Thank you for the autographed copy of "Masters
of Deceit" which [redacted] has sent me.

I am pleased to see that it has gone through so
many printings. May it go through many more.

[redacted] has probably told you of the problems we
of the American Relief Administration Russian Unit
had with the Communists in 1922-1923.

I think you are right that the opportunity often
comes to an average citizen to help. It has to me.
On one occasion I picked up considerable [redacted] left in the
hallway of 144 Bleecker Street, New York, where I
lived. I turned it over to, I believe, your John
Seykora. It included a letter from Prague discussing
a proposed demonstration about some Negro, in New York.
On another occasion my aged mother forwarded to me a
church pamphlet which had the Greek password of the
early Christians (ichthus = fish) printed in Greek,
and asked me if it wasn't mis-spelled. It was. The
final S was not Greek, but Russian (C). I sent it in.

Thank you again. When I am finished with the book
I shall proudly turn it over to the local Public Library.

Dear [redacted]

I have received your letter postmarked April 2nd, and it was certainly thoughtful of you to write as you did. I deeply appreciate your very kind remarks concerning my book, "Masters of Deceit," and am glad to know it is of interest to you and the members of your American History class.

It is always reassuring to hear from students who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms. Education is of strategic importance in the struggle raging between communism and the free world. It is from the atmosphere of creative thought, scholarly analysis and constructive dissent that the answer to communism will emerge. It is imperative that students and educators direct their attention to effective solutions to those human problems which divide us and invite communist exploitation. The young men and women who mature with strong minds, courageous hearts and ready hands will share the opportunity to defeat this conspiracy with the weapon it fears most--truth.

Enclosed is some material I hope will be of interest to you.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover,

Your book "Masters of Deceit" is one of the best books I have ever read. It makes you realize that the Communists really mean business. I was amazed at the increase in membership to the Communist Party.

In my American History class at school the class was to read four books for extra credit, and your book was read by almost the whole class. They all agreed that the book was excellent. So now we have a "Fight Communism" crusade going on at school. Thanks to your book.

Mr. J. Edgar Hoover,
Director, F.B.I.

Dear Mr. Hoover:

62-104277-2526,

Your letter of Feb. 1 came as a pleasant surprise. I've waited to answer it in order to get reactions from friends who have read the literature you so thoughtfully sent. Even those who knew much about communism, felt better informed.

You said so much in so few words in those talks made in December and April, 1961 and in December '59.

Before lending this material I read it and marked statements which especially appealed to me. I've found that with young people I know, there are University students now making their home with us, that I can recommend books but it is the old story-"you can take the horse to water but cannot make him drink." I leave books like "Masters of Deceit" on their study desk ^{and they} say: "Haven't had time to read it but I brosed through it." However they did read the short articles, partly because they were curious about what I had marked.

I hope that my good friend Helen Gandy, whom I admire tremendously, and  whom I hope to know better, have interested you in the Great Smoky Mountains. Don't believe a word they say. Come and see for yourself.

You, too, may find that on the mountain tops, in the cathedral-still spruce-fir forest, you, too may leave all care behind. If you prefer golf to motoring and strolling along a shaded trail, there is a golf course near Gatlinburg which professionals call "a challenge".

And if you should come to Gatlinburg, "one of the gateways to the Great Smokies", I hope that you'll give me the opportunity of chauffeuring you on at least one short trip to one of my favorite spots.

Thanks again for your letter, for the material you sent, which is being read and digested, and for writing "Masters of Deceit."

By letter of 2-13-62 to Miss Gandy, captioned individual reiterated his request for an autographed copy of "Masters of Deceit" for his Study Circle in Mylady, Kulasekharapuram, South India. His previous request was in his letter of 12-4-61.

Bufiles indicate that in August, 1950, the Department made available to the Bureau a directory of Chinese students in colleges and universities in the United States and a description of the scholarships available to such students which have been furnished by the China Institute in American, New York City. The Institute is registered with the Department under the terms of the Foreign Agents Registration Act as an agent of the National Tsing Hua University of Kunming, China, and the Yunnan Provincial Committee for Scholarship Students in the United States. On this list appears the name of [REDACTED] of the Georgian Court College. (105-12536-16) The Bureau also received information dated 8-28-50 that one [REDACTED] was under consideration by the Colonial Office for employment in Hong Kong as a Mistress in the Education Department. She was described as being the daughter of a Hong Kong doctor and was previously a student at Georgious Court College, Lakewood, New Jersey. (62-60527-19230) No other pertinent references could be located, and it is not known whether or not correspondent is identical with [REDACTED].

Correspondent's previous letter indicated the Study Circle was interested in learning more about communism and, because of limited funds, was desirous of obtaining a gift copy of "Masters of Deceit," preferably one which had been autographed. The letter was acknowledged by outgoing dated 1-24-62 over Miss Gandy's signature. Our reply stated that the FBI does not maintain a supply of the book and it was suggested that correspondent write either Holt, Rinehart and Winston, Inc., or Pocket Books, Inc. The addresses and prices were clearly set forth.

Correspondent has apparently ignored the suggestion. Instead he has forwarded 25 1/2 cents worth of stamps "to cover the cost of the book" which Miss Gandy is personally to purchase. Further, Miss Gandy is to have the Director autograph the book and then send it to correspondent.

It is felt that another letter over Miss Gandy's signature should be directed to correspondent advising him that in view of the large number of similar requests it will not be possible to comply with his request. It is also felt that this reply should politely, but firmly, readvise correspondent that his request for the book should be directed to Pocket Books.

Dear

Your letter of April 6th has been received and I want to thank you for your kind remarks. I hope our endeavors will continue to merit your support and approval.

I firmly believe that it is vital that each of us make a determined effort to gain a broad knowledge of the objectives and operations of the communist conspiracy so that we may effectively resist its influence. At the same time, it is imperative that we remain calm, rational and thoroughly accurate in what we say and do in combating this evil philosophy. Widespread, intelligent public opposition to communism can assist in defeating it by using the weapon it fears most--truth.

"Masters of Deceit" was written with the hope that it would give its readers an insight into the true nature of communist activities in the United States. It is most reassuring to know of your plans to review this book for your club and I trust the message it has will prove enlightening.

Enclosed is some literature which may be of interest to you.

Dear Mr. Hoover,

As my program for my study club, I plan to review Masters of Deceit. I live in a very small southern town, where I feel the threat of communism is not great, but we of this group, as Christian mothers need to know the things you have written.

I know you are a very busy person, but if you could give me one thought to pass on to them, it would be greatly appreciated. I love my country, and if I can do anything for it through this book review I will be most grateful.

Last summer my daughter and I were in Washington, and took the tour of the F.B.I. This gave me even more respect for that organization than I had had before. Let me say "thank you" for directing such an important part of America in a Christian manner.

Thank you,

Dear Mr. Hoover:

As you know, we are continuing our anti-Communism program of education and have been busy distributing books and information to libraries, schools and individuals. Indications that people are slowly but finally becoming aware of this threat are most gratifying.

We are working on distribution of the sixth thousand MASTERS OF DECEIT, and have just taken delivery on 5,000 paper-back editions translated in Spanish. Bishop Lane of the Maryknolls will provide a list of names for distribution and we hope to supplement this with others from Spanish speaking areas in the United States, and also Mexico and South America.

If you have not seen a copy of the Spanish version, I thought you would be interested in the enclosed.

Sincerely,

Dear Mr. Blankinship:

I have received your letter of April 2nd and want to thank you for writing and for your interest in my book, "Masters of Deceit."

With regard to the numerical strength of the Communist Party, you might be interested in the estimates made by the communists themselves for the United States as a whole. In January, 1961, former Chairman of the Party William Z. Foster stated that the Communist Party in the United States then was potentially, if not actually, stronger than it ever was in history. In the June 18, 1961, issue of "The Worker," Party leader Gus Hall commented on the membership as follows: "We estimated 10,000 at the 17th convention. There has been some growth since." For every hard-core communist, there are at least ten sympathizers who are willing to assist the Party.

Enclosed is some material I hope will be of interest to you.

Sincerely yours,

J. Edgar Hoover

Your letter of April 4th has been received, and I want to thank you for your kind remarks about "Masters of Deceit." This book was written with the hope that it would help Americans to gain an insight into the true nature of communist activities in the United States, and it is gratifying to know that you found it enlightening.

Education is of strategic importance in the struggle raging between communism and the free world. It is from the atmosphere of creative thought, scholarly analysis and constructive dissent that the answer to communism will emerge. It is particularly urgent that students direct their attention to effective solutions to those human problems which divide us and invite communist exploitation. The young men and women of your generation who mature with strong minds, courageous hearts and ready hands will share the opportunity to defeat this conspiracy with the weapon it fears most--truth. I urge you and all students to strive to develop sound judgment through thorough study of the true nature of communism.

Enclosed is some literature I thought would be of interest to you.

Dear Mr. Hoover:

Being a high school senior in New Orleans, and an American intensely interested in the future freedom of the United States, I am writing this letter to inform you how much insight and knowledge of the dangers of Communism I have received as a result of reading your book Masters of Deceit.

Here in Louisiana, all high school students are required to pass a mandatory course on Communism. As your book was used in connection with this course, it has proven to be very helpful. You have no idea how many teenagers have read your book. Consequently, they now have a broader understanding of Communism.

Because of an English project, we are required to write a letter to someone out of the state on a subject of our own choice. As I have always wanted to express my feelings about the hateful practice of Communism, this project has proven to be a perfect outlet for this very purpose.

Do you have any future plans for another book? If so, I am sure it will be even better than Masters of Deceit, if that is possible.

As you are an extremely busy and important man, you might not even see this letter. However, if you do, I hope you can possibly find time to send me a reply.

Cordially yours,

Mr. J. Edgar Hoover
Director of Federal Bureau of Investigation
Department of Justice Building
Washington, D. C.

Mr. Hoover, recently we have had several very pleasant experiences with your Agent in charge of your Mobile office, Mr. Richard G. Held. He has been most cooperative in our community education program. On one occasion he met with our local school principals in this Georgia-Alabama area and made some appropriate remarks at the time we presented to each of the school libraries copies of your book, "Masters of Deceit".

Tuesday of this week he was able to arrange to speak to a group of 99 school-boy safety patrolmen. This was done in connection and in cooperation with our local Safety Council. Mr. Held made a fine impression on these young men, and it is the kind of service that we feel is "preventive" in the field of law and order.

When one of your able men renders this type of community service we feel that we would be remiss if we did not thank you and him and call it to your special attention.

At 3:20 p.m. on April 6, 1962, Clifton Sitts, former Chief of Police, Illion, New York, and National Academy graduate who is no longer engaged in law enforcement, called long distance and spoke to SA [redacted] of the Crime Research Section. Mr. Sitts advised that he recently learned from Richard Mills, owner of Radio Station WMCR, Oneida, New York, that Mills would like to tape the Director's book, "Masters of Deceit," for broadcast in serial on his radio station commencing in April. He asked what arrangements would be necessary in order to obtain permission. He was advised that Mr. Mills should write to Mr. Hoover, outlining his plans, and he was informed that Mills would also need the permission of the publisher, Holt, Rinehart and Winston, Inc., before the series could be broadcast. He also inquired if Mr. Hoover would tape a short promotional statement concerning "Masters of Deceit" and the communist conspiracy for use with this program. He was informed that this suggestion would also be considered with the request to broadcast this item.

By letter dated 4-6-62, Richard W. Mills, President and General Manager of Radio Station WMCR, wrote to the Director, attention of SA [redacted] with regard to the above. He plans to have Mr. Sitts read "Masters of Deceit" on daily half-hour radio programs. He advises that credits for the source material will be given at the beginning and end of each program. It is noted that Mr. Mills did not request a tape recording by the Director.

Bufiles reflect that Sitts attended the 34th Session of the FBI National Academy (January - March, 1947), at which time he was Chief of Police at Illion, New York. Sitts resigned on 3-1-52 to assume the position of area manager for the World Book Encyclopedia, and Bufiles contain no derogatory information concerning him. The only reference to Mills is that he wrote the Director on 9-8-59, at which time he was with Radio Station WONG in Oneida, New York. He asked if the Bureau could sanction the broadcasting of material from "Ameryka," a U. S. sanction magazine which is distributed in the USSR. By letter dated 9-15-59, Mills was informed that we did not have anything to do with this and advised that we had sent a copy of his letter to the U. S. Information Agency.

April 15, 1962

My dear Mr. Hoover,

It was with a feeling of deep appreciation I received a copy of the April issue of the F. B. I. Law Enforcement Bulletin. The reading of this Bulletin from cover to cover was both a pleasant and an intensely interesting experience. I particularly enjoyed your "Message to All Law Enforcement Officials." This is very strong but at the same time so simple and full of common sense it would benefit all good Americans to read it and I hope it will be brought to the public's attention and made available to everyone.

Not wishing to in any way embarrass our mutual and very fine friend [redacted] I have hesitated to write and ask this favor of you which might be construed as a great imposition. However, when I wanted to share my joy and pride with my family at having received not only an autographed copy of your book but also a letter from you I took your letter to the office and at the end of a long tiresome day put it through the copy machine incorrectly and your letter went through the fluid so my original letter of March 12th is now dirty and blurred. However, the copy I sent to my family in Florida was an excellent one. This was so distressing I tried to fix it up by going over your signature with pen and ink and must confess I made a complete job of doing stupid things that day. Therefore, I wonder if, provided it wouldn't be too much trouble, your secretary would type the letter again and you would sign it for me. Never would I ask this but it was such a disappointment to ruin something so important being a show-off. Please understand this request is made on a "nothing ventured nothing gained theory." Therefore, be assured I ask this favor hoping it will be granted providing it is not an inconvenience.

May I say again I am more than ever proud of our F. B. I. and especially so after having read the April Bulletin - and also that your contribution to our country is the greatest since Abraham Lincoln kept it unified with freedom and justice for all.

Most sincerely,

The desire of Mr. Davis to place a copy of "Masters of Deceit" in each of the high school libraries in Florida is indeed splendid, and no objection can be seen to the plan of presenting the books to the Superintendent of Public Instruction as you outlined. The books can be purchased by the Winn-Dixie Foundation at the reduced rate of \$2.95, including shipping, and the order may be placed through FBI Headquarters. The books would be shipped direct from the publisher to the place of your designation.

Davis is being considered as an SAC Contact of the Jacksonville Office. The booklet, "A Resource Unit: Americanism vs. Communism," is an outline guide for instructors in the public high schools of Florida put out by the Florida State Department of Education. Florida will begin teaching communism in their schools next year and in connection with the preparation of this outline, through Assistant Director Sullivan, we assisted the State Department of Education, and in the booklet there is a notation to the effect that the FBI was consulted regarding this outline; however, the FBI is not in any way responsible for the contents of the course or the manner in which it is presented. This book has previously been reviewed here at the Bureau and it contains quotations of articles of the Director, and "Masters of Deceit" is listed prominently as a reference book.

Dear Mr. Tolson:

The Florida Legislature last year passed a law requiring teaching of a high school course in Communism, in Florida. Instruction is scheduled to commence this Fall. This legislation and the efforts of the State Department of Education to prepare a course have received widespread publicity and have been the subject of great public interest. The State Department of Education has now prepared an outline of the course which is set out in a pamphlet which I am attaching for your information.

I recently discussed this matter with Mr. J. E. ~~Davis~~ who is President of the Winn-Dixie Stores, the largest grocery chain in the Southeast. Mr. Davis' company operates 560 retail outlets plus numerous canneries, farms and similar food supply concerns throughout the country. He is one of the best known businessmen in this part of the country. His stores sponsor an organization known as the Winn-Dixie Foundation which contributes to worthwhile projects. Being aware of Mr. Davis' great respect for the Director, I discussed and furnished him a copy of "Masters of Deceit." Mr. Davis, upon reading the Director's book, was much impressed with it and was outspoken in his praise of the book and its contribution to America, particularly in these trying times. (I have recently requested an autographed copy of the book for Mr. Davis.) He has indicated to me that he would like to place, through the Winn-Dixie Foundation, a hard-back copy of "Masters of Deceit" in each of the 356 high school libraries in Florida to be used as reference material in conjunction with the course mentioned above. *Fla* *JK* *2677* *104277*

EX-102 REC-15

It is contemplated that a presentation of the books to the Public School System in Florida will be made by Mr. Davis and the Agent in Charge at Jacksonville to Mr. Thomas D. Bailey, Superintendent of Public Instruction, at an appropriate ceremony which will receive appropriate publicity. *APB 24 1962*

I contemplate writing the Boss about this matter, but I would like your advice. First, I would like to know whether it will be possible for the Winn-Dixie Foundation to purchase the books at a reduced rate, and, second, whether these plans appear to be acceptable.

By letter 4-12-62, Louise Zoerner of Holt, Rinehart and Winston, Inc., encloses a request from captioned individual to quote passages from the Director's book to be included in "Time Bomb" to be published in May, 1962. Miss Zoerner asks whether this would be acceptable to Mr. Hoover. The passages consist of six fairly short items from the Director's book, two of which deal with communist attempts to exploit Negroes and the integration controversy.

Special Agent Warren Johnson, assigned to the Laboratory, has also received a note from [REDACTED] enclosing a pre-release copy of "Time Bomb." [REDACTED] note requests Johnson to ask Mr. Hoover to privately convey to the publisher his okay to carry the quotes. (It is noted that while SA Johnson was assigned to the Little Rock Field Office, he knew [REDACTED] as a source of information for that office.)

Bufiles reflect that in 1960, [REDACTED] advised the Little Rock Office that he planned to publish the above-mentioned book. He indicated at that time that he planned to devote some space to criticism of the FBI by Governor Faubus; he further stated that this data would be taken solely from newspaper accounts. [REDACTED] has in the past been cooperative with and of assistance to the Little Rock Office.

A check of the book reflects that it is largely an attack on Orval Faubus and his administration as Governor. The term "Time Bomb" refers to the violence in Little Rock in 1957 when Little Rock Central High School was ordered integrated. He goes into some detail on Commonwealth College at Mena, Arkansas, which has been communist inspired and which Faubus attended as a youth. Also included is

RE: [redacted]

considerable data on the segregation-integration controversy; [redacted] appears to be a staunch segregationist. On page 3 he mentions Faubus' allegation that the FBI violated civil rights in Little Rock in September, 1957; he then quotes Mr. Hoover's reply which appeared in newspapers on 9-8-57 and which denied Faubus' accusations. On page 264 he mentions briefly the FBI investigation in the Little Rock school violence in September, 1957. On pages 279-280 [redacted] mentions briefly the FBI investigation of alleged election law violations in the 1958 Congressional elections in Arkansas in which Dale Alford defeated Congressman Brooks Hays. His references to the FBI are favorable. It is noted that [redacted] was the complainant in one of these cases both of which were presented to the Federal Grand Jury in Little Rock in June, 1959, with no indictments being returned.

On page 4 [redacted] includes one of the quotations from "Masters of Deceit" which he has requested permission to use. This quotation concerns communist efforts to attract Negroes. The other quotations which [redacted] desires to use will apparently be incorporated into the final version of the book.

It is obvious that this book will be a most controversial one in view of its discussion of political and segregation issues. It is, therefore, felt that it would be most unwise for the Director to give permission for the use of quotations from "Masters of Deceit" in [redacted] forthcoming book. Accordingly, it is felt that the Director may wish to write [redacted] directly and advise him that he will not be able to grant permission for the use of quotations from "Masters of Deceit" in [redacted] forthcoming book. A letter over Mr. Tolson's signature will be sent to Holt, Rinehart and Winston, furnishing them a copy of the Director's letter to [redacted].

RECOMMENDATIONS:

(1) That the attached letter over Mr. Tolson's signature be sent to Holt, Rinehart and Winston furnishing them a copy of the Director's letter to [redacted] turning down his request to use quotations from "Masters of Deceit."

Dear Mr. Hoover:

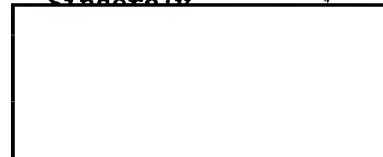

It was an honor and a pleasure to meet you last week.

Before too much time passed, I wanted to express my thanks for the copy of your book, "Masters of Deceit".

To a seasoned best-seller such as you have become, it probably comes as no novelty whatsoever to have your readers tell you how stimulating and provocative they found it. I will say it nevertheless. It does credit to your long record of distinguished public service.

This is quite apart from the honor of the gift, one I shall long treasure.

Dear Mr. Hoover:

I am interested in the past history of the Communist Party. I am particularly interested in its history from the revolution in Russia to the present. I would like to know also about the Communist's spy dealings in the U.S. such as the stealing of the atomic secrets after the war. Could you supply this information or tell me where to get it? I am reading your book "Masters of Deceit" and I find it very helpful in finding information. Thank you very much.

Your letter of April 19th has been received and I want to thank you for your kind remarks and prayers. It is hoped our endeavors will continue to merit your support and approval.

"Masters of Deceit" was written with the hope that it would help Americans gain insight into the true nature of communism of the Communist Party. It is good to know of your high regard for it.

The FBI, as an investigative agency of the Federal Government, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. Dear Mr. Hoover:

After having read your book, MASTERS OF DECEIT, for the third time, I again extend to you my sincerest appreciation for having written such an excellent exposé of the communist conspiracy. The volume holds a proud place in my library; doubly so since you were kind enough to autograph it for me last June.

The people of the United States have ample grounds to be grateful to you for your staunch devotion to the American Cause and the interests of Freedom. We, the possessors of the American Republic, are proud of you and your Bureau for the work you have done to help preserve our liberties.

Thank you, so very much!

Sincerely,

If you have any copies available or can advise me a source of supply, also the price, I'll greatly esteem it. *CS*

I operate a free lending library, lending out books, reports, etc. on communism and I have so far been fortunate in winning a considerable number of people to the dangers of communist entry.

Dear

Your letter of April 18, 1962, has been received, and I am glad to know of your interest in my book, "Masters of Deceit." I have no objection to your reprinting Part 1 of my book in the manner you indicated; however, you should also obtain permission from the publisher. In this regard, you should communicate with Miss Marguerite J. Reese, Manager, Subsidiary Rights Department, Holt, Rinehart and Winston, Inc., 383 Madison Avenue, New York 17, New York.

It is always reassuring to hear from students who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms. Education is of strategic importance in the struggle raging between communism and the free world. It is from the atmosphere of creative thought, scholarly analysis and constructive dissent that the answer to communism will emerge. It is imperative that students and educators direct their attention to effective solutions to those human problems which divide us and invite communist exploitation. The young men and women who mature with strong minds, courageous hearts and ready hands will share the opportunity to defeat this conspiracy with the weapon it fears most--truth.

Enclosed is some material I hope will be of interest to you.

Sincerely yours,

J. Edgar Hoover

Dear Mr. Hoover;

This letter should have been written quite a few months ago, but sometimes things are just put off.

Several months ago, while I was confined to one of our hospitals here in Cincinnati; I had the pleasure of meeting Mr. Ed. Mason.

He was kind enough to give me one copy of your book "Masters of Deceit;" of which I read in three days. Upon starting this book it is impossible to stop without finishing it.

I believe this book belongs in every home, along side the family Bible. And that every member of the family should read it. (Mine have.)

My husband is a Sgt. in the United States Army, stationed in Korea. So in a different way we too are fighting this terrible thing.

Again, Mr. Hoover, thank you for your wonderful book.

Honorable J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington 25, D. C.

Dear Mr. Hoover:

I have just completed reading your book called "Masters of Deceit" and I was so impressed with your message to "all Americans" that I want to use this means of saying "thank you" and for the dedicated service you and your staff are giving to the cause of freedom.

Prior to reading this book, I was not fully aware of the insipid and fundamentally treachous philosophy of the communist doctrine; now I feel I know more of its dangers and weaknesses and I can therefore refute its fake claims. At least I feel armed to be a better defender of democracy and the American way of life.

I was so moved and inspired by your book that I have almost made it a required reading for a group of married young people at the church where I attend. I am serving as a leader of this group at Westover Baptist church in Arlington, Virginia and have used this book several times in discussions. One of our fine couples, [redacted] and his wife, work for your bureau and are outstanding examples of real sincere and dedicated Christian lives. I am pleased to have them in our group just as I am confident that you are glad to have fine people on your staff.

If convenient and in keeping with your policy, I would appreciate having the enclosed book autographed by you, and I can assure you that its message will long be remembered. Again, many thanks for threading the story in writing with the message that all America should read and be alerted to.

Again my sincere gratitude to you and your fellow agents for devoting your lives and energies in helping to keep America free and thanks for taking the time to record your message in published form so that we, too, can join in the continuing fight to keep freedom alive and available to all people.

Dear [Redacted]

Your letter of April 25th has been received. I wish to thank you for your complimentary remark about my book, "Masters of Deceit," and your expression of hope for my future well-being.

In regard to your inquiry, it has always been my policy to refrain from injecting the FBI or myself into problems relating to legislation. Within the Department of Justice the question as to the desirability or undesirability of legislation is strictly a function of the Attorney General. Therefore, while I would like to be of service to you, I regret that it is not possible in this instance.

I am enclosing some literature which I hope will be of interest to you.

Dear Mr. Hoover:

I have read your great book, "Masters of Deceit" and many of your articles.

I would like some information on outlawing the communist conspiracy

We have an initiative measure in the state of California known as the Louis Francis Amendment. There seems to be doubt in some peoples minds as to whether this legislation would help or deter the communist. Is legislation of this type good? Should we outlaw communist Activities on the State level?

I would appreciate a reply if possible.

May God bless you.

Dear Mr. Hoover,

MASTERS OF DECEIT

I was indeed privileged to receive your April 19 prompt response to my April 11 letter.

Have today written your Publishers, as per copy enclosed, and do hope that they will have a copy of this book available.

I have probably the biggest library in the whole of Africa on this subject of Communism and lend my books out regularly to friends and business associates throughout the Republic of South Africa, in order to keep them abreast of Communism and its evil effects.

I also work in close co-operation with various of our Government Ministries on the same subject.

Many thanks for the copies of an article prepared by your Bureau which you advise as forwarding - these will be most welcome and if perchance in the future other material is published which you feel would be of interest and of help to me, I would greatly appreciate detailed advice.

Dear [redacted]

I have received your letter of April 30, 1962, and your interest in my book, "Masters of Deceit," is indeed appreciated. It is always encouraging to hear from individuals who are aware of the menace posed by communism and who desire to combat this evil.

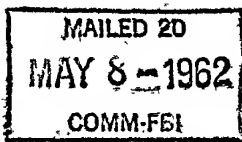

While I would like to be of assistance, I am unable to comment in the manner you have indicated since the FBI being an investigative agency of the Federal Government neither makes evaluations nor draws conclusions as to the character or integrity of any organization, individual or publication. May I suggest, however, that in your personal evaluation of the merits of any organization you give careful consideration to its objectives and whether they are being achieved through orderly, legal procedures. I regret it is not possible to be of help to you in this instance but trust you will understand.

Enclosed is some literature I hope you will find to be of interest.

Dear Mr. Hoover,

I read your book "Masters Of Deceit," which I thought was very interesting.

Your book & a couple of others were recommended, when my husband & I joined a study group with several of our friends. We have learned a great deal in these groups.

Is there anyway in which we could do wrong? I'm quit concerned about this, as we have since been criticized about forming groups such as these. I can understand that some people could do harm, by calling people communists, but one of our rules are

1. Don't use the term communists loosely. For your own protection, never call anyone communist.
2. Avoid statements for which you have no documentation, be sure you have accurate information.
3. Pray! We must follow the practice of our nations founders & ask daily for God's assistance, guidance & protection. Pray as if everything depended upon God; act as if everything depended upon you. These are but a few of the rules to go by in which we try to follow.

Could you please clear me up on this subject. As we all want our country to be strong.

Subject: "MASTERS OF DECEIT"

ReRomelets 3/9/62 and 3/14/62.

As indicated in referenced letters, the Italian version of the Director's book, "Masters of Deceit," was released for publication on March 9, 1962. The Rome Office had originally contracted to purchase 400 copies of the book and the United States Information Service in Rome had agreed to purchase 4000 copies of the book.

[redacted] USIS, Rome, indicated that he was desirous of retaining enough copies of the book to supply all USIS libraries in Italy, and also a small number of additional copies to compliment them to high-level Italian contacts of USIS. He estimated that the total number of copies which would be used by him would be less than 100 and that he would make the additional 300 copies available to the Rome Office.

Since date of publication of the book the Rome Office has distributed more than 200 copies of the Italian version of "Masters of Deceit." All contacts of the Rome Office to whom the book was distributed have been not only sincerely appreciative of receiving the book, but have overwhelmingly praised the Director and the Director's work in writing the book. Editore Sugar, publisher of the Italian version of "Masters of Deceit," has advised the Rome Office that sale of the book is meeting with outstanding success in Italy and the number of copies purchased by the public to date exceeds all expectations.

The above is furnished for the Bureau's information. The Italian version of the Director's book, "Masters of Deceit," is proving to be an excellent aid to cementing and developing relations with Italian Government officials.

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

Dear Sir:

I have recently read your book "Masters of Deceit" and wish to express my appreciation for your fine job of making information on the communist threat available to your fellow Americans

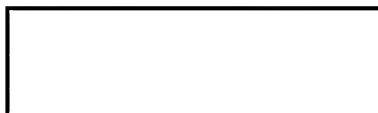

My wife just finished reading it also, and expressed complete amazement at the communist threat and the work of the F. B. I. to combat it. Up to now, she had been brain-washed by the daily press that the communist menace was just a myth dreamed up by the lunatic right-wingers. My high-school age children are now reading the book and they likewise express concern and puzzlement:

My daughter told me she saw your book in the school library but didn't check it out to read because she just thought it was some dry book about the F. B. I. This indicates that there certainly hasn't been enough publicity or advertising in connection with the sale or distribution of the book. At any magazine stand or book shop in the city here (New York) there are hundreds of copies of "Tropic of Cancer" and other filth boldly exposed but your volume turns up missing.

In my opinion every American who can read should read your book and it would, or should, certainly educate them concerning the communists and their intent, and would also serve to unite all Americans more so than this continuous name-calling and hatred of right or left wingers that we are experiencing at present. Since every true American respects your word and that of the F. B. I. some good strong publicity and advertising regarding your book would get the word across and the American people would quickly silence those in our midst who strive to muddy the waters and create dissention. Thank you for a good job and best wishes for your future and that of the F. B. I.

TO : The Director

DATE: 4-19-62

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Pages 6409-6412. Congressman Rousselot, (R) California, submitted a speech he delivered on December 4, 1961, in Santa Monica, California, before Women for Better Government entitled "Positive Program for Victory Over Communism." Mr. Rousselot stated "The Communists are the deceivers, as J. Edgar Hoover so aptly observes in his book, 'Masters of Deceit.' There is considerable discussion and disagreement among people in all walks of life, as well as among elected and appointed officials, as to where the basic threat to America lies. The question raised is, 'Is the threat external or internal?' Many of us know it is both. J. Edgar Hoover said at the 1957 American Legion convention, 'To dismiss lightly the existence of the subversive threat in the United States is to deliberately commit national suicide.' We have many authorities to prove the validity of Mr. Hoover's statement. - - - We have former FBI counterspies such as Herbert Philbrick and Matt Cvetic who have constantly and consistently said the Communist threat is internal. They ought to know, having participated in the conspiracy."

Dear [redacted]

Your letter of May 2, 1962, with enclosure, has been received, and I appreciate your interest in writing.

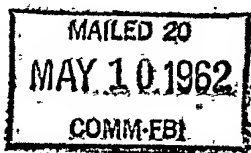

With reference to your inquiry concerning possible reprinting of "Masters of Deceit" in a local newspaper, I would like to point out that my book was serialized in a number of newspapers throughout the country in 1958. For your further information, King Features Syndicate, 235 East 45th Street, New York 17, New York, controls the newspaper serialization rights for my book.

In connection with the group mentioned by you, the FBI is an investigative agency of the Federal Government and, as such, does not make evaluations nor draw conclusions as to the character or integrity of any organization, publication or individual. I regret that I am unable to be of help to you, and I hope you will not infer either that we do or do not have data in our files relating to the subject of your inquiry.

I am enclosing some material on the subject of communism which I thought you might find of interest. The letter which you enclosed is also being returned.

Sincerely yours,

J. Edgar Hoover

NOTE: [] is not identifiable in Bufiles. [] encloses a letter from [], of the Tucson Daily Citizen advising him that "Masters of Deceit" had not been released for newspaper syndication to the best of his knowledge. We have had limited correspondence with this newspaper, the last letter dated in 1959. Small is on the Special Correspondents' List based on an SAC's press list; however Bufiles reflect only one letter to him dated 2-21-51. It is noted that the current "Editor and Publisher Year Book" shows George L. Rosenberg as Managing Editor of the "Daily Citizen." A summary in Bufiles dated 10-20-54 on individuals possibly identical with Rosenberg reflects that he may be suspected of membership in numerous communist organizations.

It is felt that we should merely refer [] to King Features Syndicate inasmuch as Holt, Rinehart and Winston, Inc., by letter 2-27-62 advised us that this syndicate controls the newspaper serialization rights. We, of course, do not comment on Moral Re-Armament, a group which is world-wide in scope.

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
Washington, D.C.

Dear Sir,

With your statements being quoted (out of context) by politicians and other factions of our society, to support their own views and disclaim opposing groups, I have written to both our Tucson Newspapers suggesting that they clear-the-air of public confusion about the communist menace by reprinting sizable portions of your excellent book.

Enclosed is the reply I received today from [redacted] of the Tucson Daily Citizen stating that his newspaper will be unable to quote extensively from it because it has not been released for Newspaper Syndication.

Since your book alone could contribute considerably to arresting the heretofore undercover strategy of the Communists in America it is obviously essential that much of it reach a large portion of our population.

Is there anything you can do personally (such as contacting your publishers) to allow this newspaper the opportunity to print important portions of your book?

From their reply (Tucson Citizens), I think we can safely trust that they are sincere in their willingness.

Awaiting your reply.

Sincerely,

P.S. On a separate point, I have been following the activities of the MORAL RE-ARMAMENT movement throughout South America and Europe during the past 10 or more months.

I have also read (in a copy of the Congressional Record of Thursday, March 31, 1960) the Department of Justice's Memorandum of April 1, 1949 commenting upon the movement as "worthy and helpful in the strengthening of democratic forces throughout the world."

Can you give me any further or more up-to-date analysis of the MRA movement by your department or the Dept. of Justice, itself?

I would be very appreciative of such information, since I have been rather disturbed the past few days, that while the Press and Government Officials have greeted and publicized the presence of the Russian Astronaut, Titov, official Representative of Russian COMMUNISM (our enemy), GENERAL HO YING CHIN and his group of 50 Nationalist Chinese with their MRA play "The DRAGON", who come as equally official representatives of the Formosan Assembly and Chiang Kai-Shek (our allies), have been almost completely ignored.

I wonder how far we have slipped in our standards of morality and intelligence that we can value the presence of a Russian Communist as more important than General ho. It is a disgrace.

Yesterday (5-7-62) [REDACTED] who operates the Ten-Penn Restaurant located opposite the Justice Building, contacted SA [REDACTED] of the Crime Research Section about a letter he had received from one of the Xaverian Brothers at St. Joseph Juniorate, Leonardtown, Maryland. (A copy of this letter is attached) It is noted [REDACTED] is a personal friend of SA [REDACTED]

This letter from a [REDACTED] notes that members of his junior and senior class who were taking a course entitled "Problems and Opportunities in a Democracy" had recently finished discussing a chapter on communism. He has given these students a special assignment to read the Director's fine book "Masters of Deceit" and wondered if [REDACTED] would be willing to donate the 30 books for this class. [REDACTED] noted that he had heard of [REDACTED] generous donation to one of the other schools, Our Lady of Good Counsel High School, Wheaton, Maryland.

[REDACTED] advised SA [REDACTED] that he would be more than willing to make available the necessary copies as he considers the distribution of the Director's excellent book as one of his "pet projects." He noted that he was encouraged that there was an awareness on the part of high school students to the dangers of communism and feels that these students will certainly derive many benefits from a course of learning which includes a study of the Director's outstanding book. SA [REDACTED] personally thanked [REDACTED] for his very fine attitude and informed him that he (SA [REDACTED]) would make appropriate inquiries.

You will recall that [REDACTED] has previously purchased 500 copies of the Director's book which were distributed to Our Lady of Good Counsel High School, Wheaton, Maryland, and the Catholic Office of Education. It is noted at the time of distribution of the previous copies of the Director's book, the Bureau received some very favorable publicity in several of the local newspapers. We have available in the Bureau library the requested number of books which, it is felt, should be made available to [REDACTED] at the usual Bureau rate in view of his past and present interest in this matter.

Dear Sir:

I read your book "Masters of Deceit" and enjoyed it very much. I found it very helpful to me in my research on "The Birth and Spread of Communism in the U.S." I am writing to ask if you can give me any further information, whether it be pamphlets or articles. I would appreciate very much your telling me where I could obtain such material.

Since I consider you a Connoisseur on Communism I thought you could best provide me with some up to date facts on this subject. I would like some of your opinions to quote.

I close with deep appreciation for any help at all which you can give me. I will remember you in my prayers.

NOTE: Marlan E. Bourns is not identifiable in Bufiles. In 1961 we conducted a Fraud Against the Government investigation on Bourns Laboratories, Riverside, California, to determine whether that company had possibly defrauded the United States Government in connection with material manufactured for use in the Nike Zeus Missile Program. No evidence of fraud was found and no Federal violation involved.

The pamphlet Bourns' encloses points up the menace of communism and stresses the international conspiracy. The article concludes by suggesting that Americans fight communism by being informed and by being patriotic and active citizens. The inside cover contains a paraphrase of a quotation from "Masters of Deceit" indicating the extent of communist domination in the world. The last page recommends "Masters of Deceit" in learning about communism and also mentions that citizens should leave "communist-hunting to the FBI."

Dear Mr. Hoover:

Enclosed is a copy of a new brochure on the Communist Menace entitled, "We Will Bury You!", which I have originated and had published.

I know you will be pleased to see that we have specially recommended your book, "Masters of Deceit", by listing it first in a group of four books to read as a start in studying the Communist threat.

I hope that you will find our brochure of interest and would very much appreciate receiving any criticisms you may have which might make a revised edition more effective.

We hope to publish additional brochures and other material to help complacent Americans to become better informed of the Communist Conspiracy. Any suggestions or information you might have which would help guide us in our efforts to fill areas of need similar to that which our "We Will Bury You!" brochure fills will also be appreciated.

Your personal efforts in the fight against Communism, I am sure, have been a beacon of light and guidance and a ray of hope to many hundreds of thousands of people who might have otherwise given up the fight against Communism. We hope that you will continue in the battle until victory for freedom from any possible threat of Communism is ours.

Dear Sir:

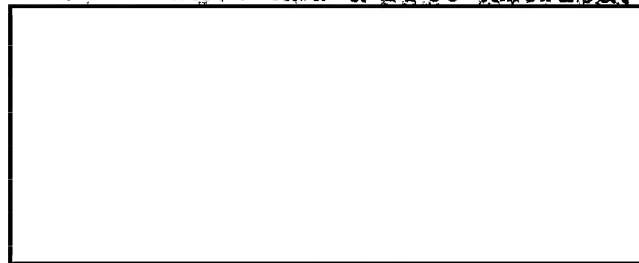

Ever since I read "Masters Of Deceit" well over a year ago I have desired to ask you the following question and I would very much appreciate an immediate and an honest answer. The question: Did you personally write Chapters Eighteen and Nineteen of Masters Of Deceit?

Mr. Hoover, I have been studying the communist menace for well over ten years and I cannot understand how it was possible for you to leave the impression with the American people that neither the NAACP nor B'nai B'rith are in the least suspect. The impression left in these chapters is that both of these organizations have been falsely accused of being (to put it mildly) soft on communism. In view of the fact of the great number of known communists and/or communist sympathizers who have served in an official capacity in NAACP, how could you have written Chapter Eighteen? Since I have no doubt that I am already marked by B'nai B'rith, I prefer to say no more about it.

If you had a ghost writer for Masters and if that person put one over on you regarding above mentioned chapters, do not you think you owe it to the American people to admit as much? I must tell you that my confidence in you personally and in the FBI has been lowered by the contents of these two chapters. Without TRUTH our country will surely perish. I have overheard other patriots speak of this matter and feel that you owe us an honest explanation.

I remain, always and only,

For Christ and a Free America.

PRESENTATION OF BOOKS—James P. Ould Jr., second from right, chairman of the Lynchburg Lions Club's civic improvement committee, turns over approximately 60 copies each of two books which will be used by E. C. Glass High School seniors in social studies classes to study the dangers of Communism. The books are the first of a collection being given by the club in memory of

the late George W. Sanderson, who was a member of the improvement committee. Shown are, from left, Dr. Arnold P. Fleshood, instruction director for Lynchburg's schools; Ralph A. The Lynchburg Lions Club has presented the social studies department at E. C. Glass High School with approximately 120 copies of two books which will be used to teach seniors the danger of Communism.

ENCLOSURE

62-104277-2714

In a ceremony at the school this morning James P. Ould Jr., chairman of the club's civic improvement club, turned over some 60 copies of Alan Moorehead's "The Russian Revolution" and some 60 copies of J. Edgar Hoover's "Masters of Deceit."

These books are the first collection of books which are being turned over to E. C. Glass in the memory of the late George W. Sanderson, a member of the civic improvement committee.

On hand for the occasion was Mrs. George W. Sanderson. A plate will be put in each book signifying that the book was given in the memory of Sanderson.

Principal L. H. McCue said, "I want to express the school's deep appreciation to the Lynchburg Lions Club for their donation. And I want to particularly thank Mrs. Sanderson for being present today for this memorial presentation."

Ralph A. Racer, chairman of the social studies department at E. C. Glass, was present as was Dr. Arnold P. Fleshood, public school instruction director.

The Spong Commission last year recommended that a course on the threat of Communism be put into the curriculum of Virginia public high schools.

The Lynchburg Lions Club has pushed the project here and plans to make further donations as books are approved for use by the State Department of Education in Richmond. A total of seven books are expected to be used by high school seniors taking social studies.

dent of the Lynchburg Lions Club, said, "We are supplying these texts so the program can get under way. A little will be done this term, much more will be done next fall in way of acquainting students of the dangers of Communism."

Carrington said he hoped the State Department of Education would take over supplying the books eventually.

Dunbar High School will also be presented books by the Lynchburg Lions Club.

In addition to Ould, who is chairman of the civic improvement committee, other members of the committee are: Thomas R. Glass, who was also a member of the Spong Commission, Claude L. Hoskins, Richard Hills, Mason McGehee and James Wilkerson.

Your letter of May 15th has been received and I appreciate your kind remarks concerning "Masters of Deceit."

It is reassuring to learn of those who have an awareness of the problems menacing our country's future. Acknowledging the danger posed by the communist conspiracy is one major step toward protecting our national traditions. I firmly believe each of us should make a determined effort to gain a broad knowledge of the objectives and operations of the communist philosophy so that we may effectively resist its influence. At the same time, it is imperative that we remain calm, rational and thoroughly accurate in what we say and do in opposing this threat. We must not needlessly divide ourselves.

Enclosed is some literature I thought would be of interest to you. Some of it includes suggestions all of us can use in fighting communism.

Attn: Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

In the last five days, I have read about three-fourths of your book, "Masters of Deceit", I have not been able to complete it, since my husband has also started reading it, and I have to wait until he puts it down.

I feel compelled, however, to write you, as I feel a deep personal debt to you for making these facts available to us. We have a fourteen month old son, and the thought of the possibility of him growing up in a communist regime fills me with horror. I want him to have all the privileges I have enjoyed through-out my life, and most of all, I want him to be able to worship God without the fear of persecution, or possibly death.

This, therefore, is the main reason I am writing to you. What can I do, as a Christian wife and mother, to prevent this terrible possibility? I am a registered nurse, and a former member of the Air National Guard (prior to motherhood), and it would seem that I would have some knowledge of this threat, however, I was not until reading your book that I became aware of the terrible menace this really is.

Again, my deepest thanks for this book.

Sincerely yours,

P.S. I might add, that I obtained a copy of your book from our last monthly meeting of the women in our Church (Faith Lutheran), the theme for this meeting was "The Christian Woman vs communism", we also saw a short film entitled "The Red Trap", distributed by the American Lutheran Church, although I have since been informed this was viewed by the Mormon Church, too.

Sir:

I have just finished your book, ^②Masters of Deceit.
I want to thank you for writing it and to say that I enjoyed it. I
mean that I enjoyed it, in that I have heard and read about com-
munism but nothing so complete as your book. I believe everyone
should read it.

I have a great curosimy as to what other people think
and would like to read some communist phamplets and also hope to
get a hold of some of their books by Stalin, Lenin and others. So
may be I can answer my question of why communism? I don't
believe that anyone that believes in God or our way of life can
answer that question. I would like to talk to a communist and ask
him, "why is he a communist"? I would like to hear his answer.

I have five children, 13 yrs down, and hope to, in
the near future, purchase your book in the hard bound edition to
put on our bookshelves so that when they get older they can read it
and be prepared, when they are on their own.

Thank you again,

During the last regular session of the Georgia Legislature, a resolution was passed ordering a course of Communism to be taught to all Georgia high school students.

HAL CLEMENTS, Head of the Textbook Committee of the State Board of Education, has advised that in connection with this, a course is being given in several Georgia colleges this summer to prepare teachers for this course. Mr. CLEMENTS stated that his committee has prepared a bibliography for reference material to be used in this course, and that Masters of Deceit has been added to this bibliography. Mr. CLEMENTS added that no textbook is being used in this course, but the teachers will naturally use the books placed in the bibliography. He stated that he considers Masters of Deceit one of the finest books ever written on the subject of Communism, and the placing of the book on the bibliography should result in wide dissemination of copies of the book in Georgia public schools.

Enclosed is check for \$2.95. It is requested a copy of Masters of Deceit be autographed to HAL CLEMENTS and sent to this office for delivery to him.

Dear Mr. Hoover,

I have just finished reading your book, "Masters of Deceit," in fact, I have read some parts of it two and three times. I particularly appreciated the bold, matter-of-fact manner of presenting the subject as compared to some of the more sensational books on the same subject which are now on the market.

Sometime ago I wrote to the Bureau of Printing and Engraving and asked for a copy of the Communist Constitution or whatever it is that compare to our constitution. The reply was that they knew of nothing which is quite true in a sense as there is no other document that can compare to our Constitution but, of course, that is not what I meant.

In your book you make frequent reference to a Soviet constitution brought forth (brought forth) by Stalin in 1936 and which I believe you state is still the governing document, at least was at the time the book was written. Will you kindly tell me if a copy of that Constitution can be obtained and if so, where? If available thru one of our government agencies I will promptly remit cost there-of upon receipt of the item.

I have received several books from the Government Printing Office such as "Facts on Communism," - "The Communist Party of the U.S.A." and "Patterns of Communist Espionage" (I am of the opinion my other letter was no doubt referred to this agency).

Respectfully

Dear Mr. Hoover,

Thank you for your vital masterpiece, Masters of Deceit, which I have recently read. I only regret I did not read it when it was first published, as I meant to do.

Your book should be a text book in every school across the country. The publishers should give it all the publicity it needs so that more and more people will read it. For, as you say, true Americans are obligated to learn more about communism for our very survival.

When each week the press, the news, is full of communist propaganda, communists such as Inez Robb crusading against anti-communism, when the Attorney - general down grades the Communist Party, U. S. A. and belittles its great danger (as he recently did in a political speech in California), it is more urgent than ever that Americans read your book.

It is right for the Birchers to be against Communism, but their set-up is obviously made -to-order for the communists to infiltrate and make matters infinitely worse.

The Communists are winning in the thought-control that you write about: the press makes it out as a contest between the communists and the far right-wingers; that to be anti-communist is to be a crackpot right-winger. This worries me deeply. The New York News has courageously spoken the truth, and Life Magazine has devoted articles and editorials to exposing the truth about communism. But even Life ends up with saying the "external danger is greater than the internal" (a meaningless phrase) and writes mostly about the harm the rightwing extremists are doing - and nothing about what the communists are doing right under our sleep-walking officials' eyes, and the apathy of so many.

This is as it was in the "twenties, when the press was full of talk about the "end justifying the means", the "State was the important thing, the individual should serve the State", and "patriotism"

was attacked with cynical derision and to be "100% American" was to be something stupid, guilty of evil. (I know - I was an art student in New York City in those days!)

You are a busy man, and I did not mean to write so much, but I want to tell you I am grateful to have your book, and, in spite of your great public position, you have a "private" avenue of approach to every American's heart and I hope will not mind my writing to you? Your concern for your country and your fellow-Americans will be fully appreciated someday when history records one of its great statesmen of this century.

Juggernaut in Kid Gloves

Syndicated Columnist Inez Robb has been content to leave such lofty matters as "world peace, the Good Neighbor policy, nuclear supremacy and the stabilization of the dollar" to colleagues of a more cosmic stripe. Mrs. Robb usually sights in on humbler game: highway billboards, women in slacks, unhygienic rest rooms. Of late, she has turned her feminine fire on extremists of the far ideological right. Last week Columnist Robb discovered to her surprise that her most recent crusade contained a built-in booby trap. For daring to impugn the rectitude of the right in a luncheon speech, Columnist Robb was tossed out of her room at the Camelback Inn near Phoenix, Ariz.—typewriter, white gloves, husband and all.

The eviction was not without its comic aspects. After checking into the Camelback, a palmy desert spa usually inhabited by wealthy oldsters, Columnist Robb

was somewhat amused to find herself fitted out not with the usual Gideon Bible but with a collection of anti-Communist pamphlets.

"I had read the good old Gideon Bible for 30 years," says Mrs. Robb. "But there was no Bible. Only the Gospel by Dr. Fred Schwarz. On balance, I think the King James version is to be preferred."

Inspired by this discovery, and by the hotel library's "freedom shelf," full of even more vehement anti-Communist literature, Mrs. Robb switched the text of her speech next day before the Arizona Association of Deans of Women in the Camelback's Peace Pipe Room. There she let feminine wrath get the better of her good sense, described "those on the far right" as "fascists who don't want to pay taxes." After her talk she found herself involved in an emotion-charged argument with the family of the Camelback's vehemently anti-Communist Proprietor Jack Stewart. Convinced that Mrs. Robb had not impugned his politics, but criticized his hotel's food and service as well (she described the luncheon peas as "gutta-percha"), Stewart gave the Robbs five minutes to get out of the Camelback.

Slightly Bemused. Innkeeper Stewart's anger was a backhanded compliment to the power of a woman who, in an overcrowded journalistic specialty, has managed to find a place and a style her own. Quite by coincidence, Inez herself produced another reminder of her style last week with publication of *Don't Just Stand There!* (David McKay Co.; \$4.95). A collection of her columns, the book suggests that Columnist Robb not only wears well, but brings to her specialty an admirable energy and skill. Columnist Robb's Irish blue eyes see life, both high and low, with the undazzled and slightly bemused vision that makes her column appetizing fare to readers of 132 dailies.

The Communist Shortage.

"Anyone willing to put forth the Communist line can get an invitation from a college," says Sam Kushner, Illinois correspondent for *The Worker*. Last week alone, Party Boss Gus Hall made two speeches at the universities of Chicago and Wisconsin. National Secretary Ben Davis earlier drew 6,000 students for a speech at the University of Minnesota. The Communist lecture bureau in New York City is beside itself in gleeful culling of invitations from some 100 campuses this year, against two dozen or so last year.

When they win a podium, the Communists deliver set pieces praising "socialist life," denouncing segregation and U.S. nuclear testing. But most intensively these days, they attack the Internal Security Act of 1950, which requires the U.S. Communist Party to register as an arm of the Soviet Union. Now under indictment for

failing to do so, the party leaders are merrily raking over what Gus Hall calls "this monstrous law," which, he insists, "actually provides for concentration camps."

Why do students listen? Hall hopefully attributes the Red boomlet to student interest in hearing what a live Communist actually says as compared with what the new far-rightists say he says. More exactly, U.S. collegians are more curious about everything political—and the Communists are splendid teachers. One University of Minnesota official reported after Ben Davis' appearance: "They learned that when these people speak, they hang themselves by what they say."

Dear [REDACTED]

I have received your letter of May 21st and want to thank you for writing and for your interest in my book, "Masters of Deceit." It is always reassuring to hear from citizens who demonstrate an awareness of the evils of communism and who desire to combat this threat to our freedoms.

In response to your inquiries, I have stressed repeatedly that it is vital that each of us gain a broad knowledge of the origin, aims and methods of the communist conspiracy so that we can intelligently comprehend the danger it presents. As a matter of policy, I am unable to comment on any specific program of instruction; however, knowledge is of strategic importance in the struggle raging between communism and the free world.

I would like to point out that the Communist Party in this country has attempted to infiltrate and subvert every segment of our society. However, the Party's efforts are being thwarted by the FBI's internal security programs, by investigation, arrest and prosecution of Party functionaries, and by widespread, intelligent public opposition to the communist philosophy. These achievements are being accomplished through orderly, legal procedures.

We must, however, continue to be alert to these infiltration efforts. I wish to emphasize most strongly that communism is a grave threat to the continued existence of the United States. The power and influence of the Communist Party, USA, cannot be measured by the number of its members. The communists' strength lies in their aggressive, never-ceasing efforts to subvert others and in their ability to dupe well-meaning persons into espousing the Party line.

Dear Mr. Hoover,

37 MAY 23 1962

I have recently finished reading your book, "Masters of Deceit," and while I cannot say that I enjoyed it, (it frightened me) I can certainly say that it never bored me and I learned very much from it. I am recommending it to all my friends.

But now I have a few questions that I would like to ask you, if I may.

Can a person be affiliated with ten communist front organizations without being a communist or communist sympathizer? Or is that too much to believe?

Is it wrong for the average citizen to learn everything he can about communism and how it operates, by attending discussion groups and seminars, such as those put on by the Christian Anti-Communist Crusade? So these schools do any good or do they just alarm people, as stated in so many papers?

I have never gone around accusing people of being communists and I do not intend to start now. I try not to listen to someone who calls other people communists. I always ask for proof.

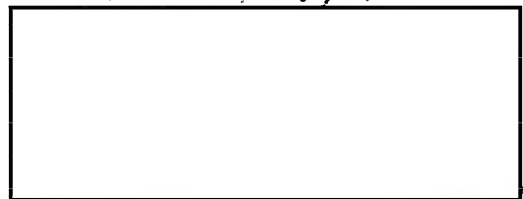

But because I am interested in this subject and have been writing to my representatives in Congress for information about many things, I have been told that I am an extremist. I resent this. I am only trying to do what I have always been told to do--take an active interest in my government and its workings. Is there something wrong with this?

I would also like to know if you think that the House Committee on Un-American Activities is an effective group or is just a group of amateurs trying to do counterintelligence work. That is something else I have read in the papers.

Thank you for any answers you can give me.

Very sincerely,

I have been unable to even find a bibliography of preponderantly this type of material. It is in reference to the bibliography that I thought you might be able to help me.

I would appreciate greatly your assistance if, somewhere in what I know is a busy schedule, you could reply with what information you may have on hand.

SUBJECT: SPEAKING ENGAGEMENT
AMERICAN LEGION,
KINGSPORT, TENNESSEE,
5/21/62

Attached is a clipping and photograph from the Kingsport Times, Kingsport, Tennessee, for 5/22/62 covering the presentation of nine hard-back copies of "Masters of Deceit" by me to the Superintendent of Schools, Kingsport, Tennessee, five High School Principals in Kingsport, and three American Legion officials. The American Legion Post in Kingsport purchased 625 paper-back copies of "Masters of Deceit" for presentation to all of the graduating seniors in the Kingsport High Schools. The Knoxville Office purchased nine copies of the hard-back edition of "Masters of Deceit" for presentation to the officials referred to above. I made brief comments to a group of approximately 100 Legionnaires assembled for the occasion prior to the presentation of the nine books.

It is requested that the Knoxville Office be given credit for one speech in connection with this appearance.
